

MBAS Board Talk

Welcome to Board Talk July 2011 – Herb Herbert, Trustee has prepared this months' report for Erin Kropidlowski (BoT Chair)

Hi there all involved in our wider school community of Mercury Bay. Herb here, BoT member for past year or so giving a quick update from the Board's perspective.

Well, the greatest buzz in the MBAS Zone, is the announcement that we have received notice of funding for a new gymnasium. This is over and above the existing 'Hall / Gym'. There is a long way to go at this stage but planning is underway with invitations sent to three architects to prepare concept plans, with thoughts being bounced around between prospective interested people. There will be lots of options mooted for comment shortly, so have a say when the chance pops up as all ideas are at least considered.

I have been liaising with Peter at Xperteez Total Image for our school uniform. He often puts a report in the newsletter. I must say the team there has a real interest in us and the wider community. They are committed to supplying great service to our school.

Herb Herbert

Deputy Chairperson
